HOW TO FIND YOUR EXACT FIT

- **Trace Your Foot:** Place a blank sheet of paper flat on the floor against a wall. Stand upright on the paper with your heel lightly touching the wall.
- **Measure Length:** Mark the tip of your longest toe on the paper and measure the distance from the edge of the paper (heel) to the mark in centimeters.
- **Width & Instep Note:** Since all DEMOC footwear is made to order, if you have a high instep or wider feet, mention it in the **Order Notes** at checkout or reach out directly to our Concierge on WhatsApp before production begins.
